

WHAT TO DO WHEN YOU DON'T KNOW WHAT TO DO?

II Chronicles 20:12

O our God, wilt thou not judge them? For we have no might against this great company that cometh against us; neither know we what to do: but our eyes are upon thee.

Wilt thou not judge them? (Who) Our enemies, for we have no might against this great company. They got us outnumbered. We're not only outnumbered, but we don't even know what to do - but our eyes are upon you Lord. When you don't know what to do - **look to God!**

In this passage of scripture the Moabites, Ammonites and Meunites came against Jehoshaphat to battle, but Jehoshaphat prayed to God for deliverance. When you don't know what to do - **Pray!**

Jehoshaphat and all of Judah stood before the Lord. Jehoshaphat heard from God. God gave him clear instruction. God said, "Be not afraid nor dismayed. This battle isn't yours, it's mine." On tomorrow - Now it's time for war. You're in the battle, you're in the struggle, but remember, this fight isn't yours, it's the Lords. The Lord is going to fight for you. God is going to expose your enemies' (Moabites, Ammonites & Meunites) plan. They will be coming up by the cliff of ZIZ by the end of the brook before the wilderness of Jeruel. God has given you their location and time. So don't worry, you need not to fight. God got this. Just position yourself and watch our God work!

Jehoshaphat said to Judah - I'm sending you. I'm sending our frontline soldiers (our praisers). Why? Because real praisers praise God no matter what the circumstance is. We might be outnumbered, but God! Judah, reply with a praise. We're going to praise God. Lift up your voices and shout with the voice of triumph. When we shout the thunder of God will flow through our voices as His voice of many waters. When we shout our voices will continually multiple. We will shout so loud and so hard that our enemy will be so confused that they will think that they are outnumbered. They won't be able to see us but they will hear us. JUDAH-SHOUT! Shout with the voice of triumph. We were born to praise him. Praise is what we do. Praise is who we are. We love to praise him. Our praise will take down our enemy.

Don't move, be still and watch our God work. Shout with the voice of triumph. Shout until you forget that we're so small and few in numbers yet we're so great in God. Shout until you forget about your problem. Shout until you see the solution. Shout until you die

to self and turn to the will of God. Shout! Come on and make your opponent mad. Confuse the devil. Let your praise blow up the enemy plan. Judah-that's it - keep on shouting.

The Moabites, Ammonites and Meunites are confused. They don't know what to do. They can't see you, but they can hear you and your praise is driving them insane. Your praise is driving them crazy. Judah - what are they doing now? We see the Moabites and Ammonites joining forces together and they're fighting and killing all of the Meunites. Judah - continue to shout with the voice of triumph. Shout until defeat leaves and victory comes. What are they doing now? OMG (O MY GOD!)The Moabites and Ammonites are fighting each other.They have turned against one another. Judah - Shout! The battle is almost over. Judah lift up your voice and shout with the voice of triumph.

Judah - let's take it up a notch. This battle isn't yours, It's the Lords. We can shout through the storm. We don't run from the storm but we dance in the rain. We can shout because we don't even have to fight. Our praise is our weapon. Our praise is confusing our opponents. AMBUSH - our enemy is being defeated by our God. Judah-what's going on now? Nothing, they all are slain. Every last one of them. Jehoshaphat - what are we going to do now? Let's go in with a shout. Let's go gather all of our surplus.

This kind of surplus is an excessive amount of abundance. It's the super abundance. It's extra, addition, and more than enough. It's overflow. This kind of abundance only comes when you have met the requirements. The requirement for this surplus is “**AN EXECUTED PRAISE**”.

Jehoshaphat sent forth the Praiser first. The Praiser executed their praise.They shouted with the voice of triumph. Praise is powerful. All those that came against Jehoshaphat and Judah had brought all their stuff of value with them because they had planned to invade, to overpower and to overthrow. Little did they know that they were going to be AMBUSHED by the power of God.The enemy wanted to set up camp in their land. The devil wants your stuff, but God. As it is written — the wealth of the wicked is laid up for the just. How is it laid up - Just say with me - AMBUSH. God will ambush your opponent. This battle isn't yours but it's the Lord. God will fight for you.

The enemy thought he was going to destroy you, but your praise pushed you into your destiny. You were pushed into the season of abundance. Let me preach this the way I feel it. What to do when you don't know what to do? You do as the three Hebrew boys did. You go into the fire with a praise knowing that your praise will take the heat out of the fire. I don't care how much they turn up the heat. Your praise will take the

heat out of the fire. Your praise will cause you not to be consumed by the fire. You're coming out with praise.

What to do when you don't know what to do? You do as David did. David faced the giant. Take your praise up a notch and take your weapon and slay that giant. Size don't mean anything when God is on your side. Your praise is well able to bring your enemy down.

What to do when you don't know what to do? You do as Job did. When your so - called friends begin talking about you. Forgive them and pray for them and keep on praising God in the midst of the storm. Your praise is going to get you double for your trouble. Your praise will bring you double blessings.

What to do when you don't know what to do? Do as Daniel did in the lion's den. You're in a dark place with the king of the jungle standing before you, ready to devour you. Open up your mouth and shout with the voice of triumph. Your praise is going to cause those lions teeth to fall out. So when that lion roar you can tell him to shut up and let you get some sleep. You're only in there for the night. Weeping may endure for a night but joy comes in the morning. When the morning comes you'll be coming out with praise and the teeth of the lions.

What to do when you don't know what to do? Naaman, if you want to be cured of leprosy, you got to be dipped in the Jordan. Take your praise up another notch and dip into the anointing. Your praise will lead you to your healing.

What to do when you don't know what to do? Do as the woman with the issue of blood did. Let your praise take you through the crowd and touch Jesus. With your praise you will be made whole.

What to do when you don't know what to do? Do as Jacob did. Hold on with your praise and keep praising God until he blesses you. What to do when you don't know what to do? Do as Ezekiel did in the valley of dry bones. Prophecy to the dry bones and let your praise call forth the wind of God. God is well able to make trouble valley-hope valley. Let your praise resurrect dead things in your life.

What to do when you don't know what to do? Do as Lazarus did in the tomb. When Jesus calls you to come forth, get up and let your praise loose you from that thing which had you bound. Don't do as Samson did. Never tell the devil where your strength is. The devil doesn't know you. He's only familiar with your weaknesses. If he knew your strength, Dilah wouldn't have to ask you where your strength lay. Keep your mouth shut

and do as Samson did in his ending. Gird up yourself and push the walls down on all of your enemies. Samson not going out like a sucker. If he's going out he might as well go out with a praise. Let your praise overtake all of your enemies.

Just like Paul and Silas - lock me up if you want to. You can't stop my praise. I'm going to rock this jail house down with my praise. With my praise everyone including myself will be set free up in here. Devil you can use whatever against me but know this that no weapon formed against me shall prosper because the weapon formed will prosper me. I will flourish and I will succeed. Praise is my weapon. I'm just one praise away from my blessing.

What to do when you don't know what to do? PRAISE GOD!
