

The Shepherd Psalm

Psalm 23

Summary: Understanding that the Lord is the Good Shepherd.

The Lord is my shepherd, my protector, and my provider. He's the Good Shepherd and because of him I have no lack. He causes me to lay and rest in a place of safety. Though the Good Shepherd feeds me he leads me beside Still Waters. He takes me to a place of calmness where there's no distraction, only peace. It's a place of refreshing. The Good Shepherd restores my soul. He fixes that which is broken in my life and he puts it together again making me better. He leadeth me on a path that leads to life which is the path of righteousness. Even though I walk through some dark places in life I have no fear because the Good Shepherd is with me. Thy rod and thy staff comfort me. The Good Shepherd watches over me. All of my enemies can see that I am blessed. I live in the overflow and the favor of God follows me everywhere I go. Surely goodness and mercy shall follow me all the days of my life, and I shall dwell in the house of God forever. Heaven is my home destination.
